While I am usually not a fan of this kind of shady business, I am afraid this is the only thing we can do, given the unrealistic deadline that Dr. E. Zecutive has given us. By the time this is all over, I think we all be needing at least a dosen therapy sessions for all the burnout stuff that this [redacted] project has caused to most of us.

And yes, my lips are sealed. Let me know what I should do to get access to this server that you speak of.

Best regards,
Dr. S. Berry
